

Instructions for making a template for curved rails

1. Make template out of cardboard, Tyvek or other material that is not easily torn.
2. Mark line of outside edge of deck.
3. Mark post size and location.
4. Mark which side of template is up.
5. If sending multiple templates... split templates at posts, not in the middle of a curved railing section.
6. Write contact name and phone number on template.
7. Mail to: Bugh, Inc.
8933 Cleveland Ave. NW
North Canton, OH 44720

Template will be kept on file by Bugh Inc. for 3 months.
